DOUBLE PRINTS

For a small extra charge, double prints are the perfect way to compliment your photo booth rental.

Two copies of each session for your guests to share and take home with them. More photos floating around the room will only add to the excitement that the photo booth will bring and in this case, more photos equals more fun!

DOUBLE PRINTS AND SCRAPBOOK

This option is specifically designed with weddings in mind. We bring everything you need for your guests to create the most cherished scrapbook of all by the end of your event. We provide double prints on the spot, a beautiful scrapbook, elegant black pages, blue sticks, gel pens, and the plastic sleeves to protect your pages for an eternity. Our attendant will then direct your guests to take one print home with them while placing the second copy in the scrapbook. They will be encouraged to get creative and write cute little messages that may even add a tear to your eye. Although this can be considered a must for weddings where it is used in place of the usual guestbook, it is also very popular among other events as well. (additional charges apply)
